

Ford

KUGA

Go Further

Choose the right Kuga for you

Zetec

With its elegant design, impressive integrated technologies, and superb range of engines, a Ford Kuga is the perfect choice.

Titanium

Luxury model

Premium materials and additional technologies deliver superior levels of sophistication and comfort.

ST-Line

Sport model

Unique exterior bodystyling features and interior detailing, give the Kuga ST-Line a distinctively sporty character.

The Ford Kuga now has a wider range of engines to choose from. Offering three impressive variations of the 1.5-litre Ford EcoBoost petrol engines, and two applications of the 2.0-litre Duratorq diesel, you can now prioritise between performance power and fuel economy.

*Ford test figures (front-wheel drive with manual transmission).

Powerful

1.5 Ford EcoBoost

Ford Kuga's 1.5 182 PS Ford EcoBoost petrol engine achieves an average fuel consumption of just 37.7 mpg*.

The fuel economy figures quoted are achieved by following strict EU governed test procedures and are specifically designed to enable customers to compare vehicles from all manufacturers on a like for like basis. Fuel consumption is directly affected by the length of the journey, number of passengers and amount of load carried, individual driving style, road and traffic conditions, weather conditions, vehicle age, mileage, condition and standard of maintenance, use of vehicle features such as air conditioning and any modifications to the vehicle such as the addition of a roof rack. Your fuel economy will vary based on these and other factors and for these reasons many drivers may not achieve the EU fuel economy figures in day to day driving although the vehicle is technically capable of doing so.

*In 4th gear. ⁹⁰Ford test figures. ⁹⁰The declared Fuel/Energy Consumptions, CO₂ emissions and electric range are measured according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO₂ emissions are specified for a vehicle variant and not for a single car. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contains data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dtf.gov.uk/>. DPF = diesel particulate filter. All engines include Auto-Start-Stop.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.

Ford and BP – working together to reduce fuel consumption and emissions.
